

The Infirmary

Federal Credit Union

April 2019

Our monthly newsletter has helpful tips, timely articles, and special offers that'll keep you informed and up to date on all that's new for and available to The Infirmary Federal Credit Union members. Call, email or visit a branch and we'll help you with all your family's financial needs.

TIFCU Awarded Certificate of Excellence from the Credit Union National Association

Certificate of Excellence

is hereby granted to:

The Infirmary FCU

The Credit Union National Association has determined that The Infirmary FCU provided \$361,942 in direct financial benefits to its 4,290 members during the twelve months ending in September 2018.

These benefits are equivalent to approximately \$177 per member household.

Credit unions generally provide financial benefits to members by charging less for loans, paying more on deposits and charging fewer/lower fees compared to banking institutions.

Annual Meeting Recognizes Stapleton for more than 40 Years of Service to The Infirmary Federal Credit Union

Thank you for another great year! Did you miss the TIFCU Annual Meeting last month? You can still check out the [2018 TIFCU Annual Report](#) and [Annual Meeting pictures](#) on our website and

Facebook by clicking the links.

At the meeting, we also recognized Larry Stapleton (pictured l-r, with Jimmy Taylor), for his long-time dedication and service to the Credit Union. His wisdom and guidance will be missed as he retired off of the Board of Directors after 40-plus years of service. With Larry's

retirement, a seat opened, elections were held, and we welcomed Joshua Williams, who will fill the vacancy and act as Board Treasurer. Special thanks to all the staff, Board and Volunteers who planned a great event and work hard every day to keep the Credit Union growing.

A Few Egg-celent Facts About Easter

Today, Easter is all about egg hunts and chocolate bunnies. But as you stock up on candy and plastic eggs, here are just a few interesting facts about the Spring holiday.

*** Americans will consume more than 16 million jelly beans.**

That's enough jelly beans to circle the globe not once, not twice, but three times – or to fill a plastic egg the size of a nine-story building.

*** The first White House Easter Egg Roll was in 1878.** Rutherford B. Hayes was the president at the time. But it was President Nixon who first included a bunny in the festivities with a member of his wife's staff as the lucky person who got to wear the costume.

*** Easter bonnets are a relatively new concept in the U.S.** Back in 1933, composer Irving Berlin introduced the Easter Bonnet into American pop culture with his ballad "Easter Parade." Today, it's still one of the most popular songs for the holiday.

*** Easter is the second biggest candy-consuming holiday.** It comes in second only to Halloween, respectively.

*** It used to take more than a day to make a Peep.** Approximately 27 hours, to be precise. That was back in 1953, when each candy was handmade with a pastry tube – but today they have machines that have dramatically sped up the process to just six minutes.

*** Americans eat more than 600 million Peeps during Easter.** This makes Peeps the most popular non-chocolate Easter candy. The Bethlehem, Pennsylvania, factory makes an impressive 1 billion Peeps a year and 4 million a day.

*** Most Americans bite off the ears of a chocolate bunny first.** In fact, a whopping 76% say that's where they take their first mouthful, followed by 5% who eat the feet first, and 4% who eat the tail first.

Have you checked
out the new TIFCU

website yet?

We've redesigned it and while none of your Online Banking log on information changed, the overall look and content did. Our goal was to make it more user friendly and to provide pertinent information, whether you are on your computer, your phone or a tablet. Let us know what you think!
